## **Applications Information**

### *Powder/Coil Coatings*

Several large powder and coil coatings manufacturers are using Zeospheres G/N-200PC in their thin film coatings. Proven benefits include:

- Improved Flow Properties and Sprayability
- Added Hardness
- Abrasion Resistance
- Added Flexibility
- Scratch/Mar Resistance
- Chemical and Corrosion Resistance (August 2011 ZeeMail\*)
- Lowering Resin Demand (cost reduction in October 2011 ZeeMail\*)
- Used in thin film applications as low as ½ Millimeter
